

TWO DOWN • ONE TO GO!

Every year Casual Temporary cast members join the ranks and help all of us "regulars" make it through the three long, hot summer months.

Over one thousand Casual Temporary cast members came from all over the country this year, from New England to the Western states, many leaving school for a working "vacation". Other came to us from right here in Central Florida. Wherever our Casual Temporary cast members come from, or wherever they work, they all deserve a big thanks for helping us make our guests' summer vacation the best possible!

PREPARATIONS UNDERWAY FOR THE I.C.C.

As many of you know, preparations are underway for the upcoming 26th World Congress of the International Chamber of Commerce. The Congress will be held at our Contemporary Resort Hotel October 1 through 6, marking the first time in the history of the I.C.C. that the Congress was held some place other than the capital of the host nation.

Several committees have been established here at Walt Disney World to assist in preparations for this international event.

These committees include the **Accompanying Persons Committee**. This committee is planning activities for persons accompanying delegates to the Congress, including the possibility of tours to Cypress Gardens, Sea World and Cape Kennedy.

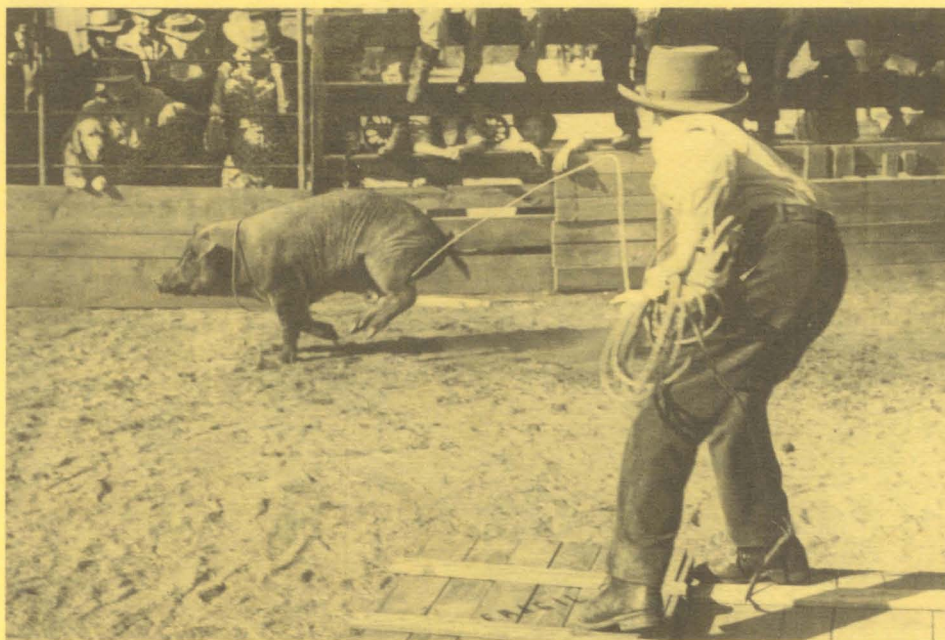

The **Temporary Staff Committee** and the **Office Equipment Committee** are meeting with the Orlando Task Force to identify individuals who are willing to volunteer their time to assist our cast members during the Congress and to locate temporary office equipment for offices for delegates to the I.C.C. The Temporary Staff committee has also been administering foreign language evaluations to identify French-speaking cast members to assist in various duties for the I.C.C.

Another committee, the **Marketing Committee**, is busily preparing literature and art work for information which will be passed out to delegates daily at the Congress. Each evening information booklets will be prepared in both French and English outlining the events that took place the previous day as well as listing the next day's itinerary for the delegates.

Every year Casual Temporary cast members join the ranks and help all of us "regulars" make it through the three long, hot summer months.ments, they have quite a task ahead.

The 26th World Congress of the International Chamber of Commerce will be one of the most prestigious events ever held at Walt Disney World, and it will require the assistance of all cast members to be a complete success!

THE STUDIO SCENE

A young boy, transplanted from the big-city life of Chicago to the wild West, struggles to raise enough money for a needed operation for his father by driving a herd of hogs to market in "Hog Wild," a two-part western-drama on "The Wonderful World of Disney," airing Sunday evenings, August 6 and 13, on NBC-TV.

TRAVEL CENTER

Eleven cast members and Magic Kingdom Club members recently returned from a two-week vacation

in the beautiful islands of Hawaii. The trip was one of the many vacation tours arranged through our **Walt Disney Travel Company**. While visiting the islands, the group toured the Polynesian Cultural Center, went

sightseeing on all the islands, took an outrigger canoe ride and partici-

pated in an authentic luau on the island of Hawaii. The Walt Disney Travel Company has made arrangements with our Cast Activities Department for vacation tours to Las Vegas and Cancun later this year. Contact Cast Activities, extension 4254, for details.

LETTERS TO US

Editor:

My wife and I deeply appreciate the actions of the people involved in

saving the life of our 2-year-old son Solomon following a fall during a visit to Walt Disney World last month.

The fall occurred near the stroller shop on our exit from the Magic Kingdom. We are convinced that only prompt and diligent action saved our son. We publicly thank the Disney personnel, the nurses who were on the spot in minutes, the paramedics who transported us to the hospital and the staff of Orange Vista Hospital. They saved our best vacation ever from turning into a nightmare.

Stephen R. Fredericks
Atlantic Beach, NC

IT'S YOUR WORLD!

Last week, as many of you may have noticed, a lot of work began throughout many of our employee backstage areas, such as break areas, cafeterias, and even our North Service Area Bus Stop. Rehabs on most employee facilities will continue throughout the summer months while our Maintenance Division works hard to keep our employee areas in the condition we all like.

We will continue to spotlight these backstage areas as improvements take place.

With all of the work presently being done on backstage areas, the next most important step is that we all help maintain the cleanliness and overall good condition of these areas. We need your help, and every other cast member's help, to do that. Without maintaining these newly rehabbed areas, all efforts vain. So please "pitch in" and thank you for lending a helping hand.

"It Takes People"

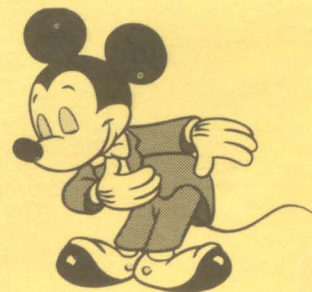

With the Canoe Championship of the World just over a week away, **Butch Watson** of Davy Crockett's Explorer Canoes is busily practicing with his two teams: the River Rats and the mixed River Rats. Butch joined our Disney cast in 1971, just prior to opening. After a few years as a Custodial Host, Butch transferred to Frontierland Operations and has been working the river ever since. As the son of a career military man, Butch was born in French Morocco while his father was stationed there. The family returned to the States about a year later, finally settling in Orlando shortly after Butch's high-school graduation. While working as a Casual Regular cast member, he completed a degree in Biology at FTU last year. But his education is not quite complete; Butch will be studying dentistry at the University of Florida this fall. When he's not working and not canoeing, Butch enjoys a variety of activities including tennis, water skiing and reading. Butch is pretty confident about the outcome of the annual canoe races. While he thinks Facilities Mixed and the Misfits will give them some competition, he's certain the River Rats will make a terrific showing!

The majority of our Casual Temporary cast members are "vacationing" from school while they work at Walt Disney World, and **Sharon Smith** of Aunt Polly's is no exception. Sharon is a student at the University of South Florida in Tampa, studying Early Childhood Education. She became a cast member last December, working through our Christmas season and plans to rejoin us again next Christmas, right after her college graduation. Originally from Quincy, Florida, Sharon and her family moved to the Orlando area eleven years ago. She likes it so much she plans on staying in this area, if she can find a teaching position here! She would eventually like to earn her Master's degree in Education. Between studies and working here, Sharon enjoys singing and was a member of her church choir before she left for college. Other outside activities include dancing, sewing and cooking. When asked if she was joining our canoe races, Sharon told us she used to canoe . . . but after a fall in a river she decided she'd rather be a spectator!

Although the majority of our cast members migrated South to settle in Central Florida, a few were actually born and raised here. **Tina Phillips**, secretary to Operations Manager Tom Garrison, is one of those rare home-grown Orlandoans. Tina worked for the Balfour Company, manufacturers of high school rings, before joining our Disney cast in July of 1971. She began her career with us as a secretary-steno in Guest Relations and was promoted to full secretary just a few years later. The only break in her career was when her 14-month-old son Aaron was born. Now the majority of her free time is spent with him or her husband Tom. When she does find a spare moment, Tina keeps busy on macrame crafts, sewing, or fishing. She is also an officer of LACE, Ladies Active for Christian Education. At the present time, LACE is working towards organizing a Christian School. Tina also keeps active in her church. Her future projects include a large addition to her home, and the plans and preparations are certain to keep her busy, even if Aaron doesn't!

LAS VEGAS THIS FALL!

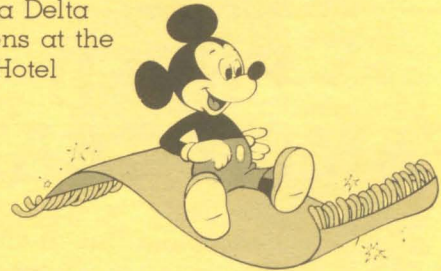

You've been telling us you want to go to Las Vegas on a cast trip . . . and we've been listening. So, Cast Activities in cooperation with the Walt Disney Travel Company, has put together a fantastic **four-day** and **three-night** vacation excursion to the glitter city of the world . . . Las Vegas, Nevada!

This trip of the year will depart Orlando aboard a Delta jet on Thursday morning, October 26, with an in-flight meal served, arriving in Las Vegas just about the same time you left here (remember, you lose time going west!), ready to begin your day.

Included in the package are these items:

- Round-trip transportation via Delta
- Three-nights accommodations at the brand-new Flamingo Tower Hotel

- All transfers
- All air taxes
- All hotel taxes
- Baggage handling
- Bellman tip
- Services of tour escort

You will spend three-nights in the Flamingo Tower right on the Strip, close to all the action and dinner shows. Then on Sunday, October 29, you still have all day for fun before boarding your return flight late that night!

And best of all, this entire package is only \$320 per person! This is a great deal, especially considering that air fare alone to Las Vegas is regularly \$241 . . . and look at all the extras you will be receiving.

The time to sign up is **NOW** at Cast Activities. A **deposit** of \$50 will hold you a seat, with the **full balance** due on or before September 20. Seating is **limited**, so all reservations will be on a first come, first served basis.

For more information, please call Cast Activities at 824-4254, or drop by our offices in The Center . . . but hurry!
